## Spiritual Direction at Marillac

Spiritual direction is a privileged time and place to reflect with another about my relationship with God. The focus of spiritual direction is my life with God as it is lived out in all my experiences. Ultimately, spiritual direction is the process of coming home to my deepest self.

All of my life is material for spiritual direction as I seek to become more aware of God's presence in my life. The "agenda" is what I, the "directee," bring and that will include prayer, images of God, finding the Sacred, questions of faith, concerns about the Church, and also my relationships with others, what worries me, grieves me, frightens me, or gives me cause for joy and celebration. The director helps me listen to my life with the care that it deserves.
