

A Time of Renewal

Quarantine

Lockdown

Times of quiet and silence

prayer

contemplation

A vision of who we are

emerges in my inner self

A vision of women of Spirit

of wisdom

of fidelity

to be Presence in our worlds –

big or small

to be God's Presence to all

To believe that God is Center

in a whole new way

A visible Center

that calls us to smile more

to laugh

to enjoy the little things

to find beauty in ourselves

and those around us.

To know that God-Center

will be always with us

guiding

loving,

keeping us vibrant

giving of self

A gift in whatever world

we find ourselves.

Our only response is JOY

and GRATITUDE

that we should be called to be God's Loving Presence!

What a GIFT!

May we live it to the end of our days!
